## QUIT MEAT IF YOUR KIDNEYS ACT BADLY

Take tablespoonful of Salts If Back hurts or Bladder bothers—Drink lots of water.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism, in bad weather or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delicious effervescent lithia-water drink and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active. Evans Pharmacy, Agents.

He has some experience in managing campaigns.

He has been to Washington, where he watched the debate on the Panama Canal extension.

There is a great spirit of wonder and speculation at the national capital and it is feared by many as optimistic as Senator Tillman that the President's policy will defeat the demand for congress in the election this fall in close states.

The result of the bill's journey in the senate is doubtful, but the odds are against the president.

Mr. Dominick saw the senator from Illinois, Mr. Shelby, a native of Augusta, Ga., and heard him make a speech in his most forceful style.

Among the South Carolina members of congress Mr. Dominick was elected to see the prominent Representative of Florence, who has been in congress.

## GRANDMA NEVER LET HER HAIR GET GRAY

Kept her locks youthful, dark, glossy and thick with common garden Sage and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell because it's done so naturally, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Hair Remedy." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two, your hair becomes glossy, beautifully darkened and luxuriant. You will discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger. Evans Pharmacy, agents.
